Section 4 :Extra Activity Details

1.What are your achievements in extra curricular activities since school level?
(A.) Sports: (School Level, College Level, State Level, National Level, International Level)
I started roller skating at the age of five and competed in a few tournaments. Following that, I learnt to swim during my holidays and continued to do so for nearly a year. Later in high school, I began to play football on a regular basis. I continue to play it even now. During sports day in senior secondary, I won the 1000m marathon and the 4×100m relay races.
(B.) Organisational: (School Level, College Level, State Level, National Level, International Level)

I was one of the Web Committee members of my college during the final year of my bachelors. In that capacity, I was able to initiate and also created an Android application, which provided news as well as notifications directly from the college office to all stakeholders. Also in the final year of my bachelors, I had the opportunity to co-manage the Treasure Hunt event for the inter-college fest Tandav hosted by our B.Com Dept which provided me with an excellent experience. I also co-managed our departments E-Ruin and App Cazar events, which raised awareness about e-waste and utility mobile apps.

(C.) Cultural/Social: (School Level, College Level, State Level, National Level, International Level)

1.During my Bachelor’s, Won the South Regional Competition for India Skills 2016 held at Kochi. 2. Participated in the national level India Skills 2016 competition in Delhi , representing the south region as 1 out of 10 participants. 3.During Senior School, I won first place for Web design in Ace Fest 2015, organized by Ace College of Engineering in Trivandrum. 4.I had received a prize in the English elocution competition at the School Arts Festival.

2. What are your hobbies?

My leisure time activities include playing and following football, swimming and gaming. I m a keen follower of the European football especially the Champions League, also plays football on a regular basis which helps me refresh, reconnect as well as make new friends. I also love to travel and experience new cultures during my vacations. I also try to read as well as watch documentaries to learn more about places, people their history and backgrounds in other parts of the world well.

3. Any other information you would like to share :

Even though I had chosen the commerce stream after class ten, I had developed an aptitude for software and coding at the same time. To boost my skills, I began taking coding classes after school. Gradually, I continued my coding enthusiasm well into my graduation years, learning new technologies outside of class hours. I was able to create modest software applications on my own at the beginning of my final year. As previously said, I used my expertise to create an app for my college. This application served as my stepping stone in subsequent job applications, allowing me to demonstrate as well as improve my abilities. Eventually, my passion towards technology my skillset helped me land my first job as a software developer in Lulu Forex and worked for more than 2 years, where I learned more about the IT field as well grew technically professionally. I was also allowed to lead mentor juniors, which also helped me discover my interest to work on my leadership entrepreneurial skills. Hence, I would like to boost my career by combining my technical skills along with improving my management skills needed for an organization by pursuing the PGP Course at IIM Rohtak.
