

### EXTRA CURRICULAR ACHIEVEMENTS

1. I was a recipient of the 'CENTRAL SECTOR SCHEME SCHOLARSHIP' from 2015-18 during my Bachelor's.
2. In spite of being a Commerce Student, I was inducted as one of the Web Committee members of my college during the final year of my bachelor's due to my technical skills. In that capacity, I was able to initiate and also create an Android application, which provided news as well as notifications directly from the college office to all stakeholders.
3. I have also developed a 'Study Material Website' for the MCA Student Community of APJ Abdul Kalam Technological University, which is beneficial to various stakeholders across the state. Refer URL(<https://ktumca.github.io/>)
